

TPC GROUP 14

Meeting Minutes

Group 14 planning meetings

Client: SkillsTrack Training Centre

Project: Learner Support Portal

Programme: Technical Programming Cycle | September 2026

Meeting Minutes

First Meeting

Meeting details:

Date: 11/08/2026

Venue: Vituarly via Google meet.

Time: 19:00

Attendance: 100% all 4 members

Apologies: Network issues due to weather

Agenda: JavaScript Project.

Minute Summary: Project documents sharing, projects purpose, responsibilities, members strength identification and class activity that is due today.

Follow up meeting: Thursdays 13/08/2026, 19:00

Second Meeting

Meeting details

Date: 15/08/2026

Time: 15:00

Platform: What's App group call

Apologies: Lucia not present. And we could not have a meeting on the 13/08/2026 due to network

Agenda: Completion of README.md Activities

Minutes: Activity 1 Questions 1 - Sheila, Questions 2 - Given, Question 3 - Mercy and Question 4 - Lucia

Activity 2 Question 1 - Sheila, Question 2 - Mercy, Question 3 Given, and Question 4 - Lucia

Work to be pushed to README latest 16/08/2026

Flowchart is part of project planning and need to be completed then we start with framework.

Everyone need to do the flowchart to show understanding of the projects.

We need to complete week 1 and week 2 of the projects.

Next meeting: Tuesday 18/08/2026

Third Meeting

Date : 18/08/2026

Time : 19:00

Platform: What's app group call

Apologies: Mercy, late submission, having challenges with github

Minute: Thank you Lucia for creating app.js for modules and package.json

Sheila: I could not attend class i will go through the recording

Given: I am sending the work now please check github

We find the project difficult when it is explained in class but when we do our own breakdown and research it is much more understandable

Lucia: I will do the data base

Given: I will do th design

Sheila: we need to create the documentation

Our next meeting: 22/08/2026 at 19:00

Fourth Meeting

Date: 22/08/2026

Time: 19:00

Apologies: Mercy and Lucia not Available

Apologies for late submission of flowchart and Pseudocode, I had challenges with my laptop

Minute: Duplicate folders with .gitkeep under docs. We need to find out why they are created

Sheila: please everyone must go through the work and understand what is happening because monday is a review day, we are group 14 our review is at 14:00

Given: we still have time, tomorrow we must meet again to finalise everything. The long questions e can do them at a later stage and they have lot of marks we have to make sure we get all those marks.

Sheila: I will create a checklist so that we all know how far with the project and can we share the admin work because it is too much for me. Everyone must take part in the admin work.

Sheila: I asked Mercy to make sure our week 1 is up to date.

Given: User storie and user case, I am not sure what we need to put there, but i will go through my work and find out what usually user stories include.

Given: Let meet again tomorrow at 19:00 and we need to start having everyday meeting until we finish with the project.

Next meeting: 23/08/2026 at 19:00
